SANTO, born David Dos Santos, is a DJ and producer. This Swiss- Cape Verdean-born native brings a sound **mixing Hip Hop New Wave, Urban Electro, AfroHouse / Baile Funk**, accompanied by **edits and remixes** produced by him.

Winner of two Swiss Music Awards, several gold and platinum records for his productions, especially in the albums of Stress (urban artist #1 in Switzerland) and work as a DJ on his various tours. This led him to work as a producer for Universal Music Group.
